

EC-JET

Guangzhou EC-PACK Packaging Equipment Co.,Ltd.

EC-JET1000

continuous inkjet printer

PHARMAPACK

EC-JET1000

Continuous inkjet Printer

- The world's first printer supporting for fast maintenance and easy transportation
- New ink system
- Ink separate from electronic system
- Unique three-door design with easy maintenance

High quality, stable and reliable print head

- Sealed design enabling easier cleaning and reducing nozzle failure
- Durable ruby nozzle with long core life expectancy
- Advanced VOD(Real Time Ink Viscosity Control System)ensuring clear and stable printing

Outstanding printing and powerful functions

- Ultra high speed that is 50% faster than that of similar products, making it cost-effective
- Vertical and horizontal fine-tuning in information section width, character spacing segment, character position available, making operation more flexible
- Phonetic input and other input methods available

Innovative design with ink separate from electronic system

- Using industrial grade stainless steel cabinet that is anti-dust, easy to be cleaned and durable
- Unique three-door design with easy maintenance
- Comprehensive automatic fault diagnosis function
- Able to input information, upgrade software, operate and maintain through a USB device

parameters

print head type	MIDI(60u)
Message height	Up to 24 dots
Print line	1-3 lines
Max Message capability	2048 characters
Max print speed	2m/s(line speed)
Max printing characters	1482 characters per second
Cabinet dimensions(L*W*H)	290mmx325mmx528mm
Print head dimension	Φ42mmx188mm
Language support	Multi-language
Weight	18.3kg

Printing Function

- RFID function(Anti-improper ink and solvent filling system)
- Multi-password protection function
- Fixed and variable text, capital and normal characters
- Bold characters up to 9 times
- Print height, print width and print delay to be adjustable
- Automatic work shift, date and time format
- Flexible date and time formats, automatically date calculating function
- Real time clock function, with accuracy up to the seconds
- Graphics and message input by USB, parameter backup /restore/software upgrade function
- Batch coding and counting function
- Serial number with hexadecimal counting function
- Reverse printing function
- Timing function
- Phonetic input function
- Message/Graphics editing software(optional)
- Remote communication(optional)

Industries Application

Excellent EC-JET, Intelligent Choice

- **New Ink system**
Low consumption, More Environmental
- **Ink separate with electronic system**
Easy to maintenance, more safety
- **Three doors design with easy maintenance**
